2006 Index to Hospital Libraries in Ontario

To promote, among the hospital
communities of Ontario, quality
information services in support of
patient care, staff development and,
where applicable, teaching and
research.

To maintain contact, as
appropriate, with other
professional associations and
organizations in matters of
mutual interest.

To promote hospital
librarianship.

To foster communication and
cooperation among OHLA members
and to provide for their continuing
education and professional
development.
